

Annual Duty of Candour Report (Scotland)

Duty of Candour

Duty of Candour is a legal requirement to ensure that if something goes wrong in health or social care services the people affected are offered an explanation, an apology and an assurance that staff will learn from the error. The learning is shared with the people affected and throughout Scotland.

About our Organisation

This report describes how a small sized domiciliary care provider has implemented the Duty of Candour throughout the period of April 2020 to March 2021.

Careforth Limited TA Home Instead Stirling & Falkirk supports 32 people to live in their own individual homes with a small team of CAREGivers who are matched to work for the person and provide bespoke, flexible and tailored support that meets their individual needs.

Careforth Limited TA Home Instead Stirling & Falkirk has a Duty of Candour policy and staff guidance. All staff undertake training to help them understand the Organisation's policy and the process of the Duty of Candour which could affect them.

The people we work for have a variety of support needs but includes older people, people with sensory loss and people living with dementia.

Our Policy and Process

When an incident occurs that necessitates the implementation of Duty of Candour, our staff reports this to their Line Manager and to the Senior Manager who oversees the service we provide. The incident is recorded, and the named staff member completes the Care Inspectorate reporting e-form.

Events on Access People Planner highlights the learning needed as a result of the incident and any specific staff team learning necessary.

Our external confidential, employee counselling service is available to all staff at any time but if Duty of Candour is triggered it is emphasised to staff that this is available. Senior management meet with staff to provide support and emphasise this is about learning and improving not blame.

Duty of Candour is part of our Core training which all staff have to undertake, in addition to the legislation a series of scenarios form part of the training to emphasise to staff that while it is distressing when things go wrong, we can and do learn from our mistakes and adapt our processes to try to minimise the events recurring. This is also included in our whistleblowing policy and values training.

Where the incident arises from staff wrongdoing our disciplinary process is immediately put in place.

What have we Learned?

In this 1 year of implementing Duty of Candour:

We have supported staff in understanding the process as many find it confusing. The guidance has been very helpful.
